FINAL PAPER SUBMISSION DEADLINE

VENICE

Venice is unique environmentally, architecturally, and historically, and in its days as a republic the city was styled *la serenissima*. It remains a major Italian port in the northern Adriatic Sea and is one of the world's oldest tourist and cultural centres.

CALL for Special Sessions

The IEEE MetroLivEnv 2025 Organizing Committee invites proposals for Special Sessions on new or emerging topics in metrology for living environment that have the potential to have a major impact on the field in the near future.

The goal of these special sessions is to provide a forum for focused discussions on new topics or innovative applications of established approaches. A special session could address a particular theme or consist of work done in some particular international project.

SPECIAL SESSION PROPOSALS

Special Session **proposals** must contain the following information:

- Title of the proposed Special Session;
- Names, affiliations, and contact information of the session organizers;
- Brief biographies of the session organizers;
- Brief description of the proposed session with a list of the related topics.

Papers submitted to special sessions will undergo the same review process as regular papers, where the Special Session Organizers are responsible for organizing the peer-review process.

Special Session Proposals must be submitted through the submission website at

<https://www.metrolivenv.org/special-sessions>

Visit the conference website as well as social pages for each specific call and additional news.
